Dear Ms. Goldin:

We have completed our review of the response of your clients, Radio License Holding SRC LLC, licensee of KTCK(AM) and KLIF-FM; and Radio License Holdings LLC, licensee of KSCS(FM), KTCK-FM and WBAP(AM), to the June 10, 2014 random audit letter sent to each licensee in accordance with the provisions of Section 73.2080(f)(4) of the Commission's Equal Employment Opportunity (EEO) rules. KLIF LICO Co., Inc. licensee of KLIF(AM); and KPLX LICO, Inc., licensee of KPLX(FM), are included in the employment unit. The licensees are all commonly owned and comprise one employment unit. As a result of our review, we find that no further action is required.

In accordance with Section 73.3527(e)(10), if commercial, or Section 73.3527(e)(11), if non-commercial, of the Commission's rules, the licensees must place copies of this letter, our audit letter, and the licensees' audit response in the stations' public inspection files. The licensees must maintain these materials in the files until grant, by final order, of the next renewal application of the license for the station to which the file relates. Should you have any questions regarding this matter, please contact the EEO Staff at (202) 418-1450. Thank you for your cooperation.

Sincerely,

Lewis C. Pulley
Assistant Chief, Policy Division
